TMHP Provider Information Form: Third-Party Billing Vendors

Reminder regarding updating Third-Party billing information:

All SHARS providers are encouraged to review their current TMHP Provider Information Form, **form "PIF-1"**, and to recertify and resubmit this form to TMHP if their third-party billing vendor has changed. As a best practice, it is recommended providers review this form annually.

If a district's billing vendor has changed, it is the responsibility of the district to update this form and to remove any previous third party vendors from the district's list of approved billers. [Link to TMHP Provider Information Form: PIF-1 Form.](#)
